Purpose For information

Additional BM Unit Naming Convention for EMR Assets

This circular informs you that we have published our response to [EMR Circular 2](#) 'Additional BM Units Registered for EMR'. We received five responses to this circular, which requested participant views and impact on a proposed new naming convention for Additional BM Units registered for EMR Assets.

[The response](#) provides the naming convention that will be used for Additional BM Units registered for CfD Assets and a summary of the responses we received to EMR Circular 2. The paper contains two attachments:

- [Attachment 1 – Non-confidential responses to EMR Circular 2](#)
- [Attachment 2 – Naming Convention for BM Units registered for EMR Assets](#)

Who does this impact?

- BSC Parties (and others) who receive the SAA-I014 settlement report need to be aware that it may contain data for CfD-related Additional BM Units, whose BM Unit Id will follow the new naming convention
- Suppliers and HHDAs receiving BM Unit-related DTC flows (i.e. D0294, D0295, D0296, D0297, D0298 and D0299)
- Suppliers should be aware that the £100/month charge will be waived for these Additional BM Units
- Suppliers need to be aware that registration of these Additional BM Units can be initiated by BSCCo ie Suppliers may find themselves the Lead Party of an Additional BM Unit that complies with the new naming convention, without having registered it themselves

Where can I get more information?

Find out more about ELEXON's role in EMR on the [EMR Settlement website](#). If you have any questions about this Circular, please email contact@emrsettlement.co.uk.
