Purpose For Action

EMR Interface Update - MRA Change Proposal for New Data Transfer Catalogue (DTC) Flows for EMR out for Impact Assessment

This EMR Circular informs Suppliers and potential CfD Generators and Capacity Providers that a MRA Change Proposal has been raised for new DTC flows for distribution of EMR invoice backing data and other EMR-related reports. The Change Proposal is now out for impact assessment following the MRA Development Board meeting on 31 July 2014.

These changes have been drafted by us, and sponsored by E.ON. The changes are based on feedback received following the EMR Interfaces workshop held on 8 July 2014. We circulated the material from the EMR Interfaces workshop via [EMR Circular 12](#) (9 July 2014) requesting feedback from Suppliers, potential CfD Generators and Capacity Providers.

Who is impacted?

This Change Proposal impacts:

- **Suppliers;**
- **CfD Generators;** and
- **Capacity Providers.**

What are the EMR Data Transfer Catalogue (DTC) changes?

DTC Change Proposal 3440 will create data flows and data items in the Data Transfer Catalogue that the EMR Settlement Services Provider can use to distribute invoice backing data and other EMR-related reports to those Suppliers and CfD Generators and Capacity Providers that wish to receive them in this way.

DTC Change Proposal 3440 is **now available on the MRASCo Change Tracker**, [here](#).

What is the Impact Assessment duration?

The MRA Development Board determined the impact assessment duration will be 30 days and a decision for approval will be made at its September meeting on 25 September 2014.

Who can respond to the Impact Assessment?

Both MRA Parties and non-MRA Parties can respond to this Change Proposal.

What is the Impact Assessment process?

To provide an impact assessment on this Change Proposal, please complete the MRA Impact Assessment Response Form contained at the back of the Change Proposal Form. Please email this to MRACA@Gemserv.com .
