**TYPE & NUMBER**      EMR Circular 31

---

**Date**                      28 January 2015

**To**                            EMR Circular List

**From**                        EMR Settlement Limited

**Purpose**                      For Information

---

## **We've published the presentation material from the Supplier Implementation Event**

This circular informs **licensed electricity suppliers** we jointly held a Supplier Implementation Event on **Tuesday 27 January 2015** with the Low Carbon Contracts Company (LCCC).

The event provided detail on the invoice and payment processes for both Contracts for Difference (CFD) and Capacity Market (CM).

### **If you weren't able to attend, what did the event cover?**

The full agenda is available [here](#) and these are the key highlights from the event:

- What do I need to pay, when and how?
- What will I receive?
- Managing cash flow position
- What happens in the event of non-payment?

### **Where can I locate the presentation material?**

The presentation material is now available on our website, [here](#).

Some useful questions were asked during the event and these will be published shortly on both the LCCC and our websites.

### **When will the next Supplier Implementation Event be?**

We'll look to hold another implementation event in early March 2015 and this will be confirmed within the next couple of weeks.

## **HERE IS SOME FURTHER INFORMATION HIGHLIGHTED AT THE EVENT**

---

### **What is the latest on Electricity Intensive Industries Exemption?**

DECC's decision to adopt option B for the identification of data from exempt meters by Half Hourly Data Aggregators (HHDA's) in its '[Electricity Intensive Industries exemption from CFD costs: Amendments to the Balancing and Settlement Code](#)' consultation. Option B is whereby suppliers instruct their half-hourly data aggregator (HHDA) to send the volumes supplied to specific meters directly to the EMR Settlement via a data flow.

[EMR Circular 30](#) provides details on the next steps with the BSC Changes (refer to the [ORD006 page](#) to view the redlining) and also the DTC changes to implement option B. To support HHDA's and suppliers we've published [Frequently Asked Questions](#) (FAQs) on HHDA metering solution.

## Where can I find more information on CFD Reserve Payment?

The CFD Reserve Payment guidance is available [here](#). This guidance steps you through the quarterly reserve payment process including how the reserve payments are reconciled. This guidance includes diagrams and worked examples.

## Where can I locate the previous material presented at the implementation events?

These are the presentations from two sessions which covered the EMR payments in further detail:

- [Wednesday 2 July 2014](#)
- [Tuesday 25 November 2014](#)

## Where can I locate the overall CFD Implementation Plan?

Here is the latest version of the [GB CFD Implementation Plan](#), which includes the milestone map presented at the event.

---

## Where can I get more information?

If you have any further questions about this circular, please email [contact@emrsettlement.co.uk](mailto:contact@emrsettlement.co.uk). Find out more about our role in EMR on the [EMR Settlement website](#).
