Purpose For Information

DECC are hosting a CFD Supplier Obligation consultation event

This circular informs Suppliers, CFD Generators and Energy Intensive Industries (EIIs) that on Monday 14 September 2015, the Department of Energy and Climate Change (DECC) published a consultation, [CFD Supplier Obligation: Consultation on improving efficiency & transparency](#). The deadline to submit responses is **Friday 23 October 2015**.

To support this consultation DECC is hosting a **CFD Supplier Obligation consultation event** on **Monday 5 October 2015**. This event will be an opportunity to discuss the proposals to amend the CFD Supplier Obligation with DECC.

What is this consultation seeking and what are the next steps?

DECC is seeking views on proposals to amend the CFD Supplier Obligation. The amendments are aimed at reducing CFD costs to consumers through incremental changes to the efficiency and transparency of the Supplier Obligation design.

The next steps following the publication of this consultation are summarised below:

- CFD Supplier Obligation consultation event on Monday 5 October 2015
- The deadline for responses is on Friday 23 October 2015
- DECC will publish draft regulations setting out these amendments in due course
- DECC intend to publish the Government Response and lay regulations in Parliament in early 2016 to enable regulations to be in force by 1 April 2016

Who should attend this event?

Suppliers, CFD Generators, Energy Intensive Industries (EIIs) and interested Parties.

What will this event cover?

DECC will be circulating an agenda to all confirmed attendees later this week.

Please note the event will not be covering the amendments to the list of eligible sectors as set out in Chapter 4 of the consultation. Any queries about the exemption should be directed to nigel.pargiter@bis.gsi.gov.uk.

When is the event?

Monday 5 October 2015, from 13.45 to 17.00

Where is the event being held?

BIS Offices, 1 Victoria Street, SW1H 0ET.
