Reminder: Supplier Capacity Market Demand Forecast due 1 June for the 2016/17 Delivery Year

This circular reminds **Suppliers** that they are required, under the [Electricity Capacity \(Supplier Payment etc.\) Regulations 2014](#), to provide a **forecast of their Net Demand¹ for the Periods of High Demand** (Peak Period)² for the 2016/17 Delivery Year, by **1 June 2016**. This forecast is used to calculate a Supplier’s Monthly Capacity Supplier Charge and Credit Cover requirements. Suppliers were sent a forecast template, on 5 May 2016; this should be completed and returned to the **EMRS Service Desk** by **1 June 2016**.

Who does this impact?

Suppliers are required to submit a forecast by 1 June 2016. A Supplier should submit a forecast if they believe they will have Net Demand within the Peak Period for upcoming Delivery Year. If a Supplier believes they will not have Net Demand for this period they should submit a zero forecast.

What are the key dates I need to be aware of?
